Forecast for Tuesday 21 Sep 2021

Weather: Areas of hill fog will develop through the early hours with some patchy drizzle possible. These will lift quickly through morning leaving only high cloud and hazy sunshine, this becoming stronger through afternoon. The evening will bring a mixture of clear spells as well as some patchy low cloud developing across the west.

Chance of cloud free mountain/hill tops above 600m: 60% early and late, otherwise 100%.

Visibility: Patches of hill fog may cling to slopes above around 500m in the west through early morning and late evening, but away from these, very good visibility is expected with some far reaching views.
